Breeders Assn. Sale*

*Registered  
Scotch and Polled Shorthorns*

*Saturday, March 29, 1958*

STARTING PROMPTLY AT 10:30 A. M.

WINCHESTER, VIRGINIA

(FARMERS LIVESTOCK EXCHANGE)

# **Such Carefully Selected Cattle With Proven Records of Productivity Can Be Bought Only In A Dispersion**

---

## **A MESSAGE FROM THE SALE MANAGERS . . .**

A new housing development has been started on the leased land where the Princess Anne herd is located at Kempsville, Virginia. As a result this carefully selected herd of Scotch and Polled Shorthorns must be sold.

Samuel G. Jones, Jr. and Howard E. Jones, owners of the Princess Anne herd, spared no expense to acquire the best in Shorthorns and Polled Shorthorns and to accomplish their goal of establishing one of the very best Polled Shorthorn herds in Virginia. Any animal that did not meet their high standards was culled and a quality replacement was purchased.

The herd is in excellent health, and in good flesh. Plans for the dispersion have been in the making only sixty days, so no special fitting has been possible.

I refer you to the message from the owners for a complete history of the Princess Anne herd.

Many noted herd sires and great families are represented by the cattle consigned by the members of the Virginia Shorthorn Breeders' Association.

165 individuals selling as 135 lots make this one of the largest sales held in Virginia, and quality is combined with quantity.

I urge you to attend this sale. It is an unusual opportunity to buy Shorthorns and Polled Shorthorns of any age you desire, in whatever quantity you wish and at the price that you want to pay.

H. W. WALKER

W. A. DAVIDSON

*The Princess Anne Dispersion and  
The Virginia Shorthorn Breeders'  
Association Sale*

165 HEAD as 135 LOTS

to be sold at auction at the Farmers Livestock Exchange, one mile West  
on U. S. No. 50, Winchester, Virginia

*Scotch and Polled Shorthorns*

**SATURDAY, MARCH 29, 1958**

10:30 A. M., E.S.T.

— THIS IS A COMBINED SALE —

The Princess Anne Herd, owned by Samuel G. Jones, Jr. and Howard E. Jones, Virginia Beach, Virginia, is widely and favorably known in the industry for its fine foundation animals, many of which are imported or closely related to well known imported animals, a few of which are pictured above.

The Virginia Shorthorn Breeders' Association have made a special effort to select the finest quality animals from the herds of the members of their association. You will be well pleased with their consignments.

**H. W. WALKER, Sale Manager**

## GENERAL INFORMATION

TIME—10:30 A. M. (Eastern Standard Time) Saturday, March 29, 1958

LOCATION—The sale will be held at the Farmers Livestock Exchange, one mile West on U. S. No. 50; Winchester, Virginia.

TRANSPORTATION—Trains to Martinsburg, West Virginia or Washington D. C. with frequent bus service to Winchester, Virginia.

SALE HEADQUARTERS—The George Washington Hotel, Winchester, Virginia.

LUNCH—Will be served on the grounds.

MAIL BIDS—Will be given careful attention by the following reliable persons:

Kenneth Fulk, Secretary, American Shorthorn Breeders' Association, 7 Dexter Park, Chicago 9, Illinois

E. M. (Ed) Huff, Eastern Fieldman, American Shorthorn Breeders' Association, Culpeper, Virginia

Jim Greham, Fieldman for The Livestock Breeder Journal, Warrenton, Virginia

AUCTIONEERS—C. D. (Pete) Swaffer, Tulsa, Oklahoma

Don L. Smock, Indianapolis, Indiana

Morris Fannon, Pennington Gap, Virginia

SALE MANAGER—H. W. Walker, 3906 East 71st. St., Indianapolis, Indiana

W. A. (Bill) Davidson, Pen-Y-Bryn Farm, Marshall, Virginia

The Princess Anne Herd has been cared for by Milton Barrett, Herdsman, Kempsville, Virginia.

The Virginia Shorthorn Breeders' Assn.  
and Princess Anne Farms

invites you to a

Social Hour and Cocktail Party

to be held from 6:00 to 8:00 P. M.

Friday, the 28th of March

George Washington Hotel

Private Dining Room

# *Terms and Conditions*

1. The terms of the sale is cash.
2. Each animal will be at purchaser's risk as soon as bid off but will not be delivered until settlement is made. Cattle will be cared for through the day following the sale.
3. The Princess Anne Herd is T. B. Accredited and Bangs Certified No. 1345. Calfhood Vaccinated. This will make possible for easy delivery of cattle to all states. As a further precaution, all the bulls will be tested for Bang's Disease and Tuberculosis within 30 days of the date of sale. Calfhood vaccination for Bang's Disease has been practiced regularly. Health Certificates will be furnished by the Virginia State Veterinarian.
4. The Virginia Shorthorn Breeders' Consignments are in the most part from Accredited and Certified Herds and calfhood vaccinated. Health Certificates will be issued under the supervision of the Virginia State Veterinarian. The cattle will be sold under the Standard Guarantee of the American Shorthorn Breeders' Association.
5. The Princess Anne Herd is backed by an enviable reputation gained through good management and honest business practices. The pedigrees are correct and the cattle are healthy. Nearly every cow in the herd either has a calf in the sale or at foot, or shows every evidence of being well forward in calf.
6. Any known faults will be clearly announced sale day from the auction stand, and will take precedence over printed matter in the sale catalog.
7. The above terms and conditions shall constitute a contract between the buyer and seller. Neither the individual designated as sale manager; the clerk; or the auctioneers, assume any liability, legal or otherwise. The sale manager was retained for specific tasks, promotional and clerical, and has nothing to do with the condition of the premises or handling of the cattle. Accidents at cattle sales are rare, but every person attending must do so at his own risk. Every effort to provide for the comfort and safety of those attending will be made.
8. The Farmers Livestock Exchange is a very attractive heated sale pavilion.

## A MESSAGE FROM THE OWNERS OF PRINCESS ANNE HERD . . .

The decision to disperse the Princess Anne Shorthorn herd was not easily reached and was made with extreme reluctance. The farm which we have been leasing to carry on our cattle operation is to be developed, and we have been unable to obtain a suitable farm in our area on which to continue our breeding program.

We started our herd in April, 1954 and our foundation cows have been carefully selected, keeping in mind our goal of breeding even better Polled Shorthorn cattle. Our breeding program has been to mate our 100% dehorning Senior herd bull, Forest Glen Leader 2d x, with horned and polled cows and our Junior herd bull, Clear Creek Prince, with deeply polled females. We believe that we have a working herd of cattle that are highly productive and getting the quality of calves that purebred breeders are striving for. There will be forty-one cows in the dispersal and forty-one calves were born in 1957, losing only one at birth. You have only to look at the number of calves at side, the number of young heifers and the number of cows settled back to see that the herd is indeed a productive one.

1957 completed our first full year of production testing under the auspices of the Virginia Beef Cattle Improvement Association and we are pleased with the results. The twenty-two young heifers and bulls in our dispersal that were production tested in 1957 have an average index score of 126. This means an average adjusted daily gain of 2.0 pounds per day and a type score of 13 or choice.

The cattle are not highly fitted. The cows graze on pasture 10 mos. of the year and are fed silage and hay during Jan. and Feb. The 2 herd bulls are in their working clothes and are ready to go to work for you.

The herd is Accredited for Tuberculosis and Bangs Certified. We have practiced calfhooed vaccination since starting the herd and all open and bred heifers are calfhooed vaccinated. A 30-day test for Bangs will be made.

It was with much regret that we came to our decision to disperse our herd of Scotch and Polled Shorthorns and we sincerely hope that we will find it possible in the near future to rejoin the Shorthorn fraternity. We want to thank all of our friends in the Shorthorn business for the many pleasant hours that we have spent in their company and to wish them continued success in all their endeavours and especially in the great business of breeding Shorthorn cattle.

Howard and Sam Jones

Samuel G. Jones, Jr. and Howard E. Jones

★FOREST GLEN LEADER 2d x2749-334. We believe that our senior herd bull, Forest Glen Leader 2d x, has done a real job for us. He is by Forest Glen Leader x, the bull H. L. McCann has used so successfully, and out of a Cherry Hill Royal Victor x cow. Approximately 40 of the young animals in this dispersal are sired by him and many of the cows are settled back to his service. He is a working bull, as his many calves will testify, and you will see him in his working clothes. He is not only a 100% dehorner, but he is nicking well with our horned cows and producing quality calves. His calves in this sale were production tested in 1957 had an average index score of 127. This bull deserves to be owned by a breeder who is interested in and concerned with improving the type and rate of gain of Polled Shorthorn cattle.

★**CLEAR CREEK PRINCE 2885-065.** This great grandson of Kirkton Baronet out of a daughter of Kirkton Gambler was 4th in a class of 30 Junior Bull Calves at the 1956 International. He was the top selling bull in the Clear Creek Dispersion, where we also purchased both of his grandams. If you look at his grandams, Lots 17 and 30, and his three-quarter sisters, Lots 18 and 31, you can see why we think he will make a breeding bull. He has every reason to get good calves. His first five calves should be on the ground by sale day, and we are expecting them to be outstanding.

★**VILLAGE EMILY 2784-536.** This cow is not only one of our best individuals, but she is one of our best producers. She is a daughter of Kirkforthar Endeavour who sired the 1956 Reserve International Grand Champion steer. She has had three heifer calves for us. Her first calf selling as Lot 69 is outstanding. Her second calf sells as Lot 70, and we think that she probably is the best heifer that we have produced. Her third calf will be at side and is a full sister to Lot 70, (was calved September 7, is red and polled). This calf does not look as good as it should, since the cow's milk production was hurt by calving only 10 months after her last calf with only 2 weeks rest. Bred back to Forest Glen Leader 2d x on December 15,

**Louada Factor**  
Sire of Lot 69

★**WHITE HAVEN MAYFLOWER x2734-970.** Here is a polled cow that is built deep, thick and close to the ground. One of the best individuals in our herd. We purchased her for \$775.00 from South & Gallaher in the 1954 Oakwood Block Bank Sale. Her first calf was sold for 4-H Club work and was first prize Short-horn steer in our county. We lost her second calf at birth. She now has a good roan heifer calf at side that was born November 19 and sired by Hillside Royal King x.
